Verkopers Kommentaar / Sellers Remarks:

62-16 is 'n potensiële stoetbul met goeie manlikheid en baie kapasiteit. Hy het 'n goed ontwikkelde nek en skof en toon deurgaans goeie bespierung. Hy is besonder breed in die bors en oor sy rug met goeie sprong van rib en is goed gevul in die agterkwart. Hy is diep in die middelstuk met goeie lengte en is struktureel korrek met bogemiddelde teelwaardes vir groei.

62-16 is a herd sire prospect with good masculinity and capacity. He has a strong neck and well developed hump and displays good muscle definition. He is very wide in the chest with a broad back with well-sprung ribs and good eye-muscle development and has a full hind quarter. He is deep in the barrel with good length of body and is structurally correct and has above breed average breeding values for growth

Verkopers Kommentaar / Sellers Remarks:

132-16 is 'n potensiële stoetbul met baie goeie manlikheid, kapasiteit en breed. Die bul het 'n sterk manlike kop met goeie nek en skof ontwikkeling. Hy is deurgaans breed, maar dit is veral in sy agterkwart waar hy beïndruk en baie goed gevul is in die binne en buite dye. Hy het baie goeie lengte en genoeg diepte en is struktureel baie korrek met 'n goeie skede en baie korrekte sterk bende met goeie hake en kote. Hy is lyngeteel terug na ons mees invloedryke kuddevaar, 05-0260BOS

132-16 is a potential herd sire with a strong masculine head and a well-develop neck and hump. He is broad throughout, but it is in the hind quarter that he is most impressive with lots of beef in the inner- and outer thighs. He is long with enough depth and is structurally very correct with a short sheath and very strong, correct and thick legs. He is line-bred back to our most influential herd sire, 05-0260BOS

Verkopers Kommentaar / Sellers Remarks:

200-16 is 'n potensiële stoetbul wat besonder baie vleis dra op sy medium raam. Hy is deurgaans breed met 'n sterk toplyn en goeie sprong van rib. Sy agterkwart is iets besonder en is baie breed tussen die draabene met baie goed gevulde binne en buite dye. Hy diep in die middelstuk met genoeg lengte en 'n baie goeie skede en 'n rustige temperament. Hy is die laaste van die direkte 05-0260BOS seuns.

200-16 is a beef packed potential herd sire. He has great width throughout with a strong topline and well-sprung ribs. His hind quarters is something special with lots of width between the thurls and a tremendous amount of beef in the inner- and outer thighs. He is deep in the barrel with enough length and has a very good sheath and gentle temperament. The last of the 05-0260BOS sons.

Verkopers Kommentaar / Sellers Remarks:

139-16 is 'n goed gebalanseerde bul met goeie manlikheid en kapasiteit. Die bul het goeie lengte, genoeg diepte en is reg deur breed met goeie sprong van rib en oogspier ontwikkeling en is goed gevul in die agterkwart. Hy het "Curve Bender" teelwaardes met bogemiddelde teelwaardes vir groei en 'n lae volwasse koei massa. Sy teelwaarde vir oogspier oppervlak is ook in die top 1% van die ras.

139-16 is a well-balanced bull with good masculinity and capacity. He has good length and enough depth and is broad over his well-sprung back with good eye-muscle development and has a good hind quarter. He has "Curve Bender" breeding values with above average values for growth and a low mature cow weight value. His breeding value for Eye Muscle Area is also in the top 1% of the breed.

Verkopers Kommentaar / Sellers Remarks:

60-17 beïndruk met sy goeie kapasiteit en baie goeie balans. Hy het baie goeie breedte in die bors, oor sy toplyn tot in sy goed gevulde agterkwart. Die bul is besonder goed gevul agter sy blaai en oor sy lende en het 'n kort, gladde haarkleed. Sy moeder is uit een van ons mees vrugbare koei lyne met 'n TKP van 362 oor 8 kallers en is 'n halfsuster van die moeder van Lot. 24.

60-17 is impressive with very good capacity and balance. He stands wide in the front and has a broad back and has a good hind quarter. He is especially full behind the shoulder and across the loins and has a short, smooth coat.

His dam is out of one of our most fertile cow lines with an ICP of 362 over 8 calves and is the half-sister of the dam of Lot. 24.

Verkopers Kommentaar / Sellers Remarks:

35-17 is 'n bul met 'n goeie sterk manlike kop en goeie skof ontwikkeling met 'n breë voorarm en goeie definisie van spier deurgaans. Hy het goeie kapasitei, is vol vleis en is veral breed in die bors en oor sy rug.

Sy moeder is uit een van ons mees vrugbare koei lyne met 'n TKP van 351 oor 8 kallers en is 'n half-suster van die moeder van Lot. 16.

35-17 is a masculine bul with a strong head and a well-developed neck and hump. He has a broad strong forearm and good muscle definition throughout. He has good capacity and is broad in the chest and over his back.

His dam is out of one of our most fertile cow lines with an ICP of 351 over 8 calves and is the half-sister of the dam of Lot. 16.
